Car Driven Into Path of  
Passenger Just After  
Freight Pulls Out

ATHOENA, Ill., May 27.—Three boys and a girl were killed here early today when the automobile in which they were riding was struck and smashed to kindling by a Burlington passenger train. The dead are Miss Alice Nelson, 17, Wilbur Ames, 13, Joseph Beck, 17, and Walter Clatt, 15.

The party was returning from a high school dance. Two others, Miss Cohen, 15, and Frank Car, 14, were probably fatally injured. The passenger train was eastbound from Kansas City. Carroll, who was driving the car, stopped at the crossing to allow a westbound train to pass. He then proceeded directly into the path of the express.

Carroll and Miss Cohen were thrown clear of the car, while the other four were buried in its wreckage. All four were dead when the train crew reached the wreckage.

Proponents of California Proposition

WASHINGTON, May 27.—In the face of threats by their opponents to the up indefinitely the pending \$200,000,000 "bigger American navy" appropriation bill, supporters of the Alameda naval base project decided this afternoon to drop their plan to force reconsideration of the vote by which it was defeated last Monday.

"We have decided to drop the Alameda project entirely," said Senator Ball, republican of Delaware, chairman of the joint subcommittee of the senate and house naval affairs committee, which endorsed the project after he had previously announced he would ask for a separate vote on it in the senate in an effort to save it.
